۱ نمره

A motorcycle (or motorbike) is a vehicle used to transport people from one place to another. It does not have 4 wheels like a car. It has 2 wheels like a bicycle, and it has a motor like a car. A motorcycle is usually driven by one person. A passenger can also ride on the back of the motorcycle. Some motorcycles have a sidecar that can carry another passenger. Its price and its other advantages has made it a famous thing for young people that don't have enough money to buy a car.

39. Topic: **motorcycle**

40. Writer's idea about the topic: 1. a vehicle used to transport people from one place to another.

2. **explanations about motorcycle** 3. **Features of motorcycle**

At the present time more than a billion people on the earth face hunger. For the most part, these are people who have low incomes. Scientists believe that great increase in the cost of food and the rate of population growth are the main reasons for these problems that people have and will continue to have. In addition to the existing problem, they believe that the future will be worse. The reason is that the rate of population increase is higher than that of food supply. Therefore, in order to save the life of poor people in the future, we have to look for new ways of food production.

41. The writer's idea about the problem is:

- a. everybody will face food problem in the future.
- b. great number of people that have the problem of food supply.
- c. People will look for new sources of food in the future.**
- d. people should save food to use it in the future.

42. People on Earth have food problem because.....

- a. most people have been using more food than they did before.
- b. the food supply does not meet the need of the present population.**
- c. the rate of food supply has not increased.
- d. the rate of population growth has been controlled.

43. The food problem will

- a. become more serious in the future than it is now.**
- b. be solved very easily and quickly in the future.
- c. cause people make new ways of preparing different kinds of food.
- d. make everybody think about the rate of population growth.

44. Because of population increase

- a. everybody is facing hungry now
- b. most poor people have problem with food**
- c. one billion people on earth are poor
- d. people are producing more food than before
