Today, millions of people want to learn or improve their English because they need to use it at work or in everyday life, but it is difficult to find the best way. Is it better to study in Britain or America or to study in your own country? The advantages or good points of going to Britain seem different.

Firstly, you will be able to listen to the language all the time you are in the country. Another advantage is that you have to speak the language if you are with other people. On the other hand,

there are also some advantages of staying at home to study. If you study at home, you don't have to make big changes to your life. It is also a lot cheaper than going to Britain, but it is never the same as living in the UK.

So, if you have enough time and money, the best choice is to spend some time in the UK. This is simply not possible for most people, so being here in Iran is the only option. The most important thing to do in this situation is to speak only English in class and to try to use English whenever possible outside the class.

❖ **True / False**

۴۵) Today many people need to use English at work. **a) True** **b) False**

۴۶) The only option to learn English is to stay in Iran. **a) True** **b) False**
